Dear Mr. Casey:

Please accept my sincere appreciation for inviting me to CIA headquarters last Wednesday along with other university and colleges presidents for a briefing and an informal exchange of views. Having personally served in the O.S.S. in the China-Burma-India theater during World War II, it was a very special pleasure for me to have participated in the meeting. I am of course an enthusiastic proponent for a strong intelligence service and was most impressed with the obvious dedication and competency that was revealed to me by your staff.

Once again may I tell you how much I enjoyed and appreciated the courtesies which you extended to me on my visit. I am now very enthusiastically communicating the exciting and sophisticated work being carried on by the CIA to the various academic departments at Florida Institute of Technology with the hope that this university can participate even more significantly in the future in helping to provide you with highly trained people.

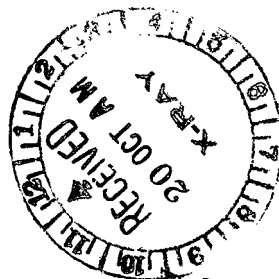

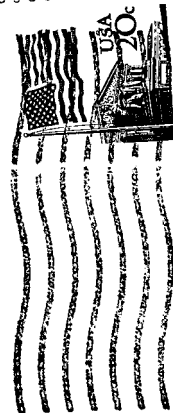

I hope it might be possible for you to visit with us some time at F. I. T.

Sincerely yours,

Jerome P. Keuper
President
